

With New Zealand currently at ALERT LEVEL THREE, and a further elevation to LEVEL FOUR at 11.59pm on Wednesday 25 March, both South Pacific Hydraulics and Hydrafast Ltd will focus on supporting our customers with supplying essential parts and equipment, and any maintenance repairs necessary to keep them operating.

If you are an essential service requiring assistance, please contact the following and we can determine what is required, and assess our ability to help.

We will be operating with a small number of staff to assist with your enquiries and breakdowns. A team will be available to work remotely onsite if needed, on call.
